

April, 2017

Dear Friends & Partners;

When we came back to Bolivia, one of the things we looked forward to the most was reconnecting with people we had previously worked with. Among these various groups of people was a group of children that Sandra and our Bolivian friend, Helen, worked with in a children's club in 2003 through 2006 (pictured to the right). Those "children" are now adults and some of them have families of their own. Helen recently approached us about setting up a meeting to see if there is a way we can not only work with children in this community, but perhaps begin something new for these young families. Sandra & Helen met with a group of young ladies (pictured below) from this neighborhood and there is a strong desire to begin a Bible Study for the adults as well as resuming a work among the children. Our desire was always to see a church started in this area and we ask that you pray with us as we take the initial steps with this opportunity. It is a blessing to see that the seed that was planted all those years ago is still growing.

In the two months that we have been here we have obtained residency, re-partnered with the first church we planted, initiated contact with the group described above, reconnected with co-laborers in other churches, purchased transportation, secured housing, and have made a lot of progress on getting things set up for living and working here in Bolivia. We could not have done this without you and our many Bolivian friends and co-laborers. We are grateful to God for your friendship, concern, and partnership with us.

As we move about life here, we are often able to interact with people who have no idea of what Salvation is. We also have opportunities to work with people who may have fallen by the wayside in their walk with the Lord. When this takes place, it is often very hard for them to come back to their church because they are ashamed of the choices they have made. We are currently reaching out to several people who have lost their way for one reason or another. With us being "back in Tarija" it gives us a unique opportunity to offer people a "fresh start" as we invite them to return to church. We have already seen people respond to this invitation and we hope others will take advantage of the opportunity to reconnect with our church; but more importantly with the Lord.

We want to say thank-you for your prayers, encouragement, financial gifts, and kindness towards us. We love and appreciate each of you and we pray for you knowing that your are praying for us. Please feel free to connect with us at our website or through Facebook. May the Lord richly bless you as you serve Him!

Would you like to help?

You can help us first and foremost by joining our prayer team. You can come to Bolivia and lend a hand. You can also partner with us financially.
